FLOWERFIELD BULB FARM
FLOWERFIELD ST JAMES
LONG ISLAND, N. Y.
During the long winter months, you can get a lot of pleasure out of growing the following varieties indoors. Their culture is simple, when you use our specially prepared bulb fiber.

**AMARYLLIS**

*Giant Hybrids*

The finest strain of Amaryllis ranging in color from white with markings of red, rose and crimson to self colors of scarlet and deep red.

Large Bulbs. Each, 50c; three, $1.40; doz., $5.00.

**YELLOW CALLA**

The rich golden yellow flowers are large and produce in abundance. Plant Callas indoors in late fall. They require warmth and water to make them thrive.

Large Bulbs. Each, 35c; three, $1.00; doz., $3.25.

**SOLEIL D’OR**

*Narcissus*

Clear yellow with orange cups. Easy to grow.

Doz., $1.25; 100, $9.00.

**PAPER-WHITE**

*Narcissus*

Bunch-flowering. For indoor culture in pebbles and water.

Doz., 60c; 100, $4.25.

**FLOWERFIELD BULB FIBER**

Our Prepared Bulb Fiber is a clean, odorless substitute for soil and can be used in fancy bowls with no drainage required. It is composed of granulated peat moss, oyster shells, soil, leaf mold, and impregnated with a long lasting fertilizer to assure large, healthy blooms.

Simply soak the fiber in a container of water allowing it to absorb all the water it can hold. Then squeeze as you would a sponge and plant the bulbs in the moist fiber. Firm the fiber around the bulbs but do not pack.

Quart, 20c. 6 Quarts, $1.00.

**Holland Bulbs are Not Available for American Gardens**

The situation abroad is so indefinite that we cannot be sure that Holland will be able to ship their marvelous Tulips, Hyacinths and other Spring-Flowering bulbs this year.

Because we believe that the bulbs produced in other countries have not reached the high standard of quality of the bulbs produced in Holland, we are reluctant to offer anything but Holland-grown Tulips and Hyacinth bulbs to our customers. We have decided that it would be for the best interest of our customers as well as our own, for highest quality products, to forego the listing of any Tulips and Hyacinths this fall.

If the situation abroad should change, in sufficient time, so that we are assured we can receive a shipment from Holland, we will issue a special Tulip catalog.
Thriving in almost any soil, the Narcissus is a most satisfactory bulbous garden subject. It is hardy and multiplies each year, paying dividends of more flowers. Their graceful nodding heads present an enchanting picture in spring, as they seemingly trumpet their announcement of spring’s arrival.

Plant before October 15th, 6 to 8 inches deep and 5 to 8 inches apart, in mass plantings or in groups, and for naturalizing through the lawns and woodlands.

Japanse Iris

IRIS Superiority

from the ORIENT
Iris Kaempferi

One of the most magnificent garden Iris ever introduced. The flowers are large, some measuring 8 to 10 inches across. They open fully and resemble the orchid. When cut in tight bud, they open beautifully in the house. The plants are perfectly hardy. Our root divisions are strong and very generous.

Culture. September and October plantings are more satisfactory. Early spring plantings will not produce flowers until the following year, in most instances. They bloom during late June and early July. Do not use any lime.

Culture

Iris will grow in any good soil and under almost any conditions. They should be divided and reset every third year.
AMARYLLIS - SPIREA - HEMEROCALLIS

3 FLOWERFIELD SPECIALTIES THAT ARE RECOMMENDED FOR FALL PLANTING

AMARYLLIS HALLI
(Lycoris squamigera)

The attractive foliage grows in early spring and dies down, to be mysteriously followed in August by the appearance of flower stalks attaining a height of 2 to 3 feet. These bear large clusters of lily-shaped, lavender-pink flowers, which are fragrant. Each, $1.00; three, $2.80; doz., $10.00.

HEMEROCALLIS
The New Improved DAY LILY

The tremendous strides made in recent years in hybridizing the old-fashioned Day Lily or Lemon Lily has added many outstanding varieties to this species. Large flowering and many new shades of yellow.

Culture. They thrive well in any soil. They prefer shaded locations under trees or between your evergreens. They do excellently in full sun.

AMARYLLIS. Golden orange. July and August. 3½ feet. Three, 90c; doz., $2.50.

BAY STATE. Deep yellow, large flowers. Bloom July and August. 3 feet. Three, $1.10; doz., $3.50.

CINNABAR. Orange to coppery red, blending to gold. Mid-June. 3½ feet. Three, $1.80; doz., $4.50.

DR. REGEL. Pure orange-yellow, fragrant. May and early June. 1½ feet. Three, $1.00; doz., $3.00.

GOLD DUST. Empire yellow dwarf. 2½ inches. May and June. Three, 90c; doz., $2.75.

GEORGE YIELD. Golden yellow, dark orange shadings. July and August. 3 feet. Three, $2.25; doz., $6.00.

GOLDEN DREAM. Wide petaled flowers of deep golden hue. June and July. 3 feet. Three, $1.50; doz., $4.50.

GOLDENI. Deep orange. June-July. 3 feet. Three, $2.00; doz., $5.00.

J. A. CRAWFORD. Rich apricot-yellow. July and August. 4 feet. Three, $1.00; doz., $3.00.

LEMONA. Pale lemon-yellow. July. 4 feet. Three, $1.40; doz., $4.00.

MRS. W. H. WYMAN. A beautiful glistening yellow. August. 4 feet. Three, $1.60; doz., $4.80.

MRS. J. R. MANN. A deep yellow with fluted petals. July and August. 2½ feet. Three, $1.50; doz., $4.50.

OLIVE. Deep orange. July and August. 4 feet. Three, 90c; doz., $2.75.

ORANGE KING. Light orange. July and August. 4 feet. Three, 90c; doz., $2.75.

THE GEM. A good yellow. July and August. 3 feet. Three, 75c; doz., $2.40.

THUNBERGII. Buttercup-yellow. July. 2 to 3 feet. Three, $1.00; doz., $3.00.

SPIREA (Astilbe)
An Easter Favorite

The Spirea, besides being a hardy perennial, is a favorite Easter plant, and can be forced into bloom very easily. Upon arrival, pot up the roots, water well and place outdoors for about 8 weeks. They may then be brought in and placed in a cool room. They can be brought into flower almost any time by putting in a warmer place.

AMERICA. Lilac-rose. Strong clump, each, 60c; three, $1.70; doz., $6.00.

GLORIA SUPERBA. Feathery plumes of dark pink flowers. Strong clump, each, 60c; three, $1.70; doz., $6.00.

PEACH BLOSSOM. Lovely shade of peach-blossom-pink. Very free flowering. Strong clump, each, 35c; three, $1.00; doz., $3.50.

QUEEN ALEXANDRA. Pale pink color. Strong clump, each, 35c; three, $1.00; doz., $3.50.
The use of hardy plants in the garden is becoming more popular each year. The many species and varieties available give a wide selection of colors, with blooming dates, in succession, from early spring until late fall; once established they give a wealth of beauty and color for several years. Many gardeners prefer a background of hardy plants for their beds of annuals.

The lovely Peonies are considered one of the most hardy and easily grown of all garden flowers. They can be planted from September till frost. It is most important that the Peonies are not planted deep. The eyes should be covered not more than 2 inches with soil.

We list here only what we think are the best varieties, and we will gladly, upon request, furnish you with a complete list of Peonies.

ALBATRE. Midseason. Large, double type, white with faint pink center, and very narrow crimson on edges of a few petals. Fragrant. Each, 40c; three, $1.10; doz., $3.50.

ALBERT CROUSSE. Late. Large double, light rose-pink, having a creamy tone. Tall, fragrant. Each, 50c; three, $1.40; doz., $4.50.

ALSACE-LORRAINE. Late. A creamy white double with a buff center. Tall and vigorous grower. Each, 75c; three, $2.00; doz., $7.00.

EDULIS SUPERBA. Early. Large, double, rose-pink. Profuse bloomer. One of the finest cut flower varieties. Very fragrant. Each, 40c; three, $1.10; doz., $3.50.

EUGENE VERDIER. Late. A large shell-pink, double flower flaked with cream. Each, 40c; three, $1.10; doz., $3.50.

FELIX CROUSSE. Late midseason. Large, double, brilliant crimson. One of the best red Peonies. Each, 50c; three, $1.40; doz., $4.50.

FESTIVA MAXIMA. Early. A large, double, white Peony with its central petals flaked crimson. A tall and strong grower, which is very popular. Each, 40c; three, $1.10; doz., $3.50.

JAMES KELWAY. Early midseason. A pale pink. Very large double. Each, 60c; three, $1.70; doz., $5.50.

LORA DEXHEIMER. Midseason. A bright clear and lovely crimson. Double. Each, 60c; three, $1.70; doz., $5.50.

MARGUERITE GERARD. Midseason. An immense flesh-pink double, darkening to rose-pink in the center. Free flowering. Medium height. Each, 40c; three, $1.10; doz., $3.50.

MARQUIS C. LAGERGREN. A double bright crimson. Each, 60c; three, $1.70; doz., $5.50.

MME. EMILE GALLE. Late. Very light rose-pink double, without any crimson markings. A choice variety because of its rose fragrance. Each, 40c; three, $1.10; doz., $3.50.

MME. GAUDICHAU. Midseason. A dark red double. Each, 75c; three, $2.00; doz., $7.00.

MONS. KRELAGE. Midseason. An amaranth-red with silvery tips. Each, 60c; three, $1.70; doz., $5.50.

OCTAVIE DEMAY. Early. One of the most popular pale pink doubles. Considered one of the most attractive and dependable Peonies. Each, 40c; three, $1.10; doz., $3.50.

REINE HORTENSE. Midseason. Very large rose-pink double, with an occasional fleck of crimson in the center. Each, 60c; three, $1.70; doz., $7.00.

SOLANGE. Late. A cream-white with a suffusion of buff and pale salmon-pink. Flowers are large and double; strong grower. Each, 75c; three, $2.00; doz., $7.00.

THERESE. Midseason. An old-rose-pink double, changing to lilac-white. A free bloomer and strong grower. Each, 75c; three, $2.00; doz., $7.00.

TRIOMPHE DE L’EXPOSITION DE LILLE. Midseason. A very good hydrangea-pink. Each, 35c; three, $1.00; doz., $3.50.

TRIOMPHE DU NORD. An excellent pink. Each, 35c; three, $1.00; doz., $3.00.

UMBELLATA ROSEA. Early. A violet-rose with amber-white shadings. Each, 75c; three, $2.00; doz., $7.00.

VENUS. Midseason. An old-rose-pink double, with a decided lavender tone in the center. Each, 75c; three, $2.00; doz., $7.00.
If you are planning to make a new lawn, or if your old lawn needs repairing, or re-seeding, do it this fall. The cool nights and regular precipitation during the fall season is favorable for the rapid growth, and deep rooting development of our domestic grasses. This seasonable climatic condition is unfavorable to most weeds and other wild grasses. When next spring arrives, you will have a luxuriant lawn that will add much to the beauty of your home.

For New Lawns:
Sow 1 lb. of seed to 150 square feet of lawn.

For Re-seeding Established Lawns:
Use 1/2 lb. of seed to 150 square feet of lawn.

FLOWERFIELD SUNNY LAWN MIXTURE. A blending of high grade grasses which will produce a long lasting luxurious lawn. 1 lb., 55c; 3 lbs., $1.50; 5 lbs., $2.25; 10 lbs., $4.25.

FLOWERFIELD CLOVER LAWN MIXTURE. A special mixture for difficult places. Recommended for seashore. 1 lb., 60c; 3 lbs., $1.60; 5 lbs., $2.60; 10 lbs., $5.00.

FLOWERFIELD SHADY LAWN MIXTURE. A blend adapted to shady places. 1 lb., 60c; 3 lbs., $1.60; 5 lbs., $2.60; 10 lbs., $5.00.

(Special quotations on larger quantities.)
